ADDENDUM #1 **RFP 07312009-1400**

SPORTS STADIUM

This Addendum #1 is issued to provide answers to questions received to date.

Q1: The Scope of Work states irrigation design, but does it also include grading plans and sod specification? We will need to know the type of sod, or spec it, to design the irrigation

A1: *The selected consultant's scope of work will include the grading plan and sod/seed specifications*

Q2: Is a list of the architects who might be responding to this RFP available?

A2: *King George County does not have a list of interested A/Es.*

Q3: The RFP indicates that the design schedule will be a factor in making the award. When does the County need to have the stadium operational?

A3: *A target date has not been established for the completion of the stadium project. However, the County desires to have the stadium completed as soon as possible, subject to availability of funding*

Q4: Was the stadium included in any of the site plan approvals granted for King George High School?

A4: *The approved site plan for the high school showed an area for the stadium. However, a new site plan, in compliance with King George County requirements, for the stadium will be required.*

Q5: Was the infrastructure, specifically utilities, designed for King George High School sized to accommodate the stadium?

A5: *Infrastructure was constructed for the new high school. The selected consultant will need to confirm that the infrastructure is adequate for the stadium.*

Q6: What is the County's budget for this project?

A6: *A budget has not been determined at this time.*

Please acknowledge receipt of this addendum by signature below and inclusion in your proposal submission.
