**ADDENDUM #4
IFB # 02122010-1400
FIRE SUPPRESSION INSPECTIONS**

This Addendum # 4 is issued to answer questions received after Addendum 3 was issued.

This Addendum consists of one (1) item as detailed below:

1.0 QUESTIONS AND ANSWERS:

Q1: I just wanted to clarify the Fire Alarm portion of this quote. If it the fire alarm system is to be included as part of this quote, it would help to have a device count for each school. The device count usually includes the number of smoke detectors, duct detectors, heat detectors, pull stations, horns, strobes, panels, etc. If this information is available, it will allow us to submit the most accurate estimate for inspection of these items.

I also noticed that there was not a separate space on the bid form for pricing the inspection of the Fire Alarm Systems. Per our discussion, I will put that information on an additional page. If I am incorrect, and the fire alarm systems are not to be included as a part of this quote, please let me know.

A1: The inspection of the Fire Alarm Systems is not included as part of this bid.

Please acknowledge receipt of this addendum by signature below and inclusion in your bid submission.
