Leeanne Mathews, Waste Management, [lmathew1@wm.com](mailto:lmathew1@wm.com)

Luke Ohler, Waste Management, [lohler@wm.com](mailto:lohler@wm.com)

6:00 PM Meeting called to order.

Motion to allow Elody Shojinaga to remotely attend from her residence due to illness. Mr. Staats motioned. Mr. Windsor seconded. Approved with all in favor.

Public Comment: None

A motion was made by Mr. Staats to accept the minutes from the June 23 2023 meeting as written. Ms. Shojinaga seconded. No discussion. The motion passed with all in favor.

Discussion items: None

New Business: Mr. Newchok- Hazardous Waste Day was held 2 Saturdays ago. There was bad weather, but a decent turnout. Got things from Roundup to old smoke detectors, to old paint. Mr. Newchok mentioned that Latex paint can be taken any day, but needs to be dried solid- so for example add in kitty litter to solidify. Then toss in regular trash.

There is a shred day coming up Oct 21st 10-2 at Revercomb building. Personal items only.

Landfill life expectancy of 23 years based on new reviews. Once landfill is gone the county will need to do something- incinerator? Transfer center? Expansion? Need to start considering what the county wants to do.

CIP request was made for a concrete pad at Sealston. Rebar is showing and is a tire hazard. Requires them to cut out rebar weekly. Low bid is going to be presented to BOS tomorrow night. If approved the work will move forward with the contractor. Would like to have it done in 14 days, from demo and new pad.

Mr. Staats asked about the netting around the landfill being replaced. Response: This is being replaced a section at a time. Some will be done within the next month.

The next meeting date was set for Monday Jan 8th, 2024 at 6:00PM at the Waste Management Office.

Mr. Windsor motioned to adjourn the meeting. Mr. Staats seconded the motion. The motion carried and the meeting was adjourned at 6:14 PM.
